

Aboriginal Education Initiatives

Parent Club

Parent Club was established in 2018. It is funded and supported by the school and community projects (ie. the Youth Centre) who provides materials to support the Club. The Parent Club aims to engage parents in learning activities with their children. An ACEO orchestrates and facilitates this session in conjunction with project overseer. Parent Club is facilitated once per week and is an after school session, 3:30pm-4:30pm- often involving external community agencies.
